## Information

Madeira is recognized nationally and internationally as a very special place to spend an unforgettable vacation. Its tourist potential and qualities are reinforced by the renowned awards granted over the years to Destination Madeira.

Located in the middle of the Atlantic Ocean, Madeira is an incredible refuge of natural beauty, where enjoying the blue of the sea and the emerald green of the vegetation highlights the exotic colors of the flowers, in an archipelago in which two thirds of its surface is a protected area and in which the largest laurel forest in the world is found.

Madeira's subtropical climate allows you to enjoy it at any time of the year, but it is especially recommended in spring and summer.
